- 2 With one piece of fleece on top of the other, cut 4 squares about 7-8cm out of the corners of the fabric.
- 3 Cut strips along the edges, about 7-8cm in length.
- 4 Tie two strips of the fleece together in a double knot (using one strip from each piece of fleece).
- 5 Continue this pattern until all of the strips are tied. Once finished, you can stretch the fabric to keep the square shape.
